Multilayer Kit

Upgrade for the production of sandwich labels.

MULTILAYER LABEL CONVERTING

Sandwich labels & peel-off labels on your existing machine

Do you want to produce **multilayer labels**, but don't know whether you can generate sufficient capacity utilization for a new multilayer label converting machine? Do you want to produce small to medium-sized quantities **quickly and flexibly** yourself?

Then you are like many of our customers. For you, we have developed the Multilayer Kit. This **compact retrofit** can be easily integrated into your existing Gallus, Nilpeter, MPS, Mark Andy, Bobst, etc. label printing machine. Thanks to our **plug & play technology**, you can produce sandwich labels and peel-offs with **up to three layers** in no time.

ADVANTAGES

Compact, robust, intuitive.

- Extension for your existing label printing press
- Compatible with any label printing press or converting machinery
- The most compact design on the market
- Simple and fast installation
- No electrical integration required
- Durable and reliable
- Intuitive operability
- For non-contact web deflection, we integrated our **microporous turning bars**.

Technical Data & Models

MLK 350	MLK 450	MLK 600
45-350 mm Web width	45-450 mm Web width	45-600 mm Web width
Dimensions: 650 x 640 x 720 cm	Dimensions: 800 x 710 x 820 cm	Dimensions: 935 x 710 x 970 cm
Weight: approx. 120 kg	Weight: approx. 145 kg	Weight: approx. 185 kg
Web speed: up to 150 m/min, depending on material	Web speed: up to 150 m/min, depending on material	Web speed: up to 150 m/min, depending on material
Air consumption (at 2 bar): approx. 80 l/min	Air consumption (at 2 bar): approx. 80 l/min	Air consumption (at 2 bar): approx. 80 l/min
Maximum sound pressure in the operating range: < 70 db(A)	Maximum sound pressure in the operating range: < 70 db(A)	Maximum sound pressure in the operating range: < 70 db(A)
